GO No. 30/M-DM

CIRCULAR

The Ministry of Foreign Affairs presents its compliments to the Diplomatic Missions and International Organisations (hereinafter referred to as the "Missions"), and has the honour to inform the Missions of the following procedures of application for the Vaccination Certificate of COVID-19.

From July 26, 2021, Japanese local municipalities will start accepting applications for the Vaccination Certificate of COVID-19. An eligible applicant is a person who has got vaccinated under the vaccination programme against the Novel Coronavirus (COVID-19) under the Immunisation Act of Japan, and who is required to present his/her Vaccination Certificate in travelling abroad.

Each applicant is supposed to make an application to the municipality office which has issued his/her vaccination coupon. The municipality office will issue the Vaccination Certificate of COVID-19 both in Japanese and English languages in the format of the Attachment 1.

In applying for the Vaccination Certificate of COVID-19, each applicant must submit: a filled application form designated by a municipality office; the applicant's valid passport; the applicant's Vaccination Coupon; and the Certificate of Vaccination for COVID-19 (接種済証/Sesshuzumi-shō) or the Record of Vaccination for COVID-19

(接種記録書/Sesshukiroku-sho). In this regard, the Ministry would like to request the Missions to advise their nationals and staff members to properly keep the original of their Vaccination Coupon (Attachment 2); and Certificate of Vaccination for COVID-19 (接種済証/Sesshuzumi-shō) (Attachment 3) or the Record of Vaccination for COVID-19 (接種記録書/Sesshukiroku-sho) (Attachment 4) to which the vaccine manufacturer/lot number stickers were attached.

The Ministry has the honour to remind the Missions that the Vaccination Certificate of COVID-19 should be applied only when the applicant plans to travel to a country/region which would permit relaxation of its quarantine or border measures for those with vaccination certificate. The list of such countries/regions will be available on the website of the Ministry in due course.

It should be noted that at the moment the quarantine measures are not relaxed for those with Vaccination Certificate in entering Japan. The Vaccination Certificate is not issued for those who have got vaccinated outside the scope of the Immunisation Act, such as those who have inoculated with the imported vaccines. In case of inquires on issuance of the certificate of the vaccination not covered by the Immunisation Act, it is requested to communicate with the organiser of such vaccination.

The Ministry has the honour to request the Missions to share the above-mentioned information with their own nationals and staff members.

The Missions are requested to kindly transmit this Circular to their consular posts in Japan.

The Ministry of Foreign Affairs avails itself of this opportunity to renew to the Missions the assurances of its highest consideration.
